

PREMIER 1 - LIGHT JET

PERFORMANCE SPECIFICATIONS

2002 Beechcraft Premier 1

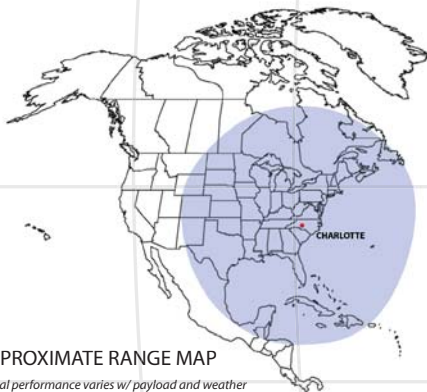

Max. Cruise Speed: 519 mph

Max. Range: 1,360 nm

Max. Altitude: 41,000 ft.

Crew: (2) Type-Rated JLI Pilots

This modern executive aircraft offers "large cabin" passenger amenities including stand-up cabin, airstair entry door, fully enclosed lavatory and advanced cockpit avionics, all at light jet operating costs. The Premier 1 is suitable for a variety of mission profiles and particularly effective for short and medium-range trips for up to 6 passengers in great comfort.
